Farm Bureau Notes

By Sam Jordan

Walnut Logs Wanted

Prices from \$45.00 to \$150.00 per thousand feet.

If you have trees from which you can cut a log 10 feet long and 14 inches in diameter at the small end the Government can use it at a good price.

The larger the higher price per thousand feet.

If you have walnut timber and will report it to the Bureau you will be assisted in estimating the market value of the different sizes and put in touch with

Keep Your Brood Sows.

And do not get panicky and rush your market hogs away half-fattened. That one thing right now is hurting the market. Whether the war stops or not pork is sure to be in great demand for some time to come. Peace may lower corn, for a short time but it will react quickly, and in the event of peace Europe will still need about all the surplus food that this country can get together.

When we get panicky and rush our stock on to the market when it is not ready we overload the market with stuff that is not wanted and we contribute that

FINAL SETTLEMENT NOTICE

Creditors and all others interested in the estate of George W. Conrad, deceased, are hereby notified that at the next regular term of the Chariton County Probate Court, to be begun and held on the second Monday in November, 1918, at the court house in Keytesville, in said county, I shall make final settlement of said estate.

O. P. RAY, Administrator.

Chamberlain's Cough Remedy.

Do not imagine that because other cough medicines failed to give you relief that it will be the same with Chamberlain's Cough Remedy. Bear in mind that from a small beginning this remedy has gained a world wide reputation and immense sale. A medicine must have exceptional merit to win esteem wherever it becomes known.

Hon. James Whitecotton of Moberly transacted legal business here Saturday.

Mrs. F. C. Edington of Prairie Center, Kans., is here on a visit to her parents, Mr. and Mrs. E. B. Gordon.

We wonder what makes Nellie so anxious about a certain case of Flu in Marceline.

Gustine Parker of Ewing, Mo., who received his diploma from the Chillicothe Business College the day he was called for service, was made stenographer to the Adjutant General of the Tank Corps upon reaching the training camp at Gettysburg, Pa. 40

Read the Courier.

About Croup.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.

Greatly Benefited by Chamberlain's Tablets.

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y.

Mr. and Mrs. Jim Phillips moved to Oil City the first of the week.

Lieut. Harry Mann is the title now. He was commissioned 1st Lieut. in August, but had gone to some where in France and his commission was recently forwarded to his parents, Mr. and Mrs. Horace Mann of Brunswick.

The Democratic Forum says a Maryville woman avowed that she was standing meatless and wheatless days very well, but that she was becoming awfully tired of manless evenings.

More Canning Sugar For November.

Word now comes that sugar may be secured for canning and preserving during the month of November.

The County Food Administrator is required to be very cautious about issuing these permits and he must satisfy himself that the requests are legitimate.

Heavy penalties are attached to violations.

We must urge each one who secures sugar cards to know what the card requires and they must

much toward depressing the market, all of which we on blame the packers. Maybe they need all the "cussin" we can give, but let us take such blame as may be coming to us. Let us keep our shirts on, hold the even tenor of our way, feed and breed hogs as it should be done and the old sow and her babies will continue to pay off the mortgage.

live up to it.

The need for conservation is far greater now than it was last year, and we must all do our part. We must send our allies, and the neutral countries thousands of tons more food than we sent last year. We must conserve on flour, fats, and sugar. Waste nothing that will feed a human being or a food animal.
